Available Attractions for your Tour Train Excursion

Perry's Victory and International Peace Memorial and Visitor's Center – In the Battle of Lake Erie, Oliver Hazard Perry commanding a United States Navy fleet of nine vessels defeated and captured six Royal Navy Vessels in 1813 during the War of 1812. Perry's Victory and International Peace Memorial was built from 1912 to 1915 to commemorate the victory and the lasting peace since between the USA and Great Britain. It is the fourth tallest monument in the United States.

The Butterfly House – Enjoy a leisurely stroll through the 4,000 square foot aviary with over 50 different types of butterflies from Costa Rica and Malaysia. There is also a 5,000 square foot gift shop to peruse.

The Antique Car Museum – Relive automotive history with displays of Model A's and Model T's from 1915 through 1931, including the oldest car on the island!

Perry's Cave – Discover the deepest, darkest secret under the island! A registered Ohio National Landmark, the limestone cavern was formed about 400 million years ago. It was discovered by Commodore Oliver Hazard Perry who, with his men, used the lake in the cave for their drinking water during the Battle of Lake Erie.

Heineman Winery & Crystal Cave – Explore 126 years of history at Put-In-Bay's oldest operating, family-run winery since 1888 and the largest known geode in the world!

Mother of Sorrows Catholic Church – Dedicated in 1928, it's a limestone copy of a church on Lombardy, Italy. The beautiful stained glass windows celebrate the early agriculture of grape growing and fishing on the island.

St. Paul's Episcopal Church – This gothic style church has been in continuous use since 1865. Visitors are invited to walk the Chartres Cathedral Labyrinth next to the church.

Put-In-Bay Winery and Doller House Museum of Island Life – Learn the history of winemaking from the seed to the sip. Enjoy a complimentary wine tasting while relaxing in the wine garden or on the front lawn with the magnificent views

of the harbor. Explore the Doller House which was once home to Put-In-Bay's wealthiest and most influential citizens, Valentine Doller. Come hear the story of this mysterious family and learn about 100 years of winter travel to and from the island.

Lake Erie Islands Historical Museum – Exhibits feature the Hotel Victory, the majestic steamboats and the ironclads of the past.

Aquatic Visitors Center – Hands-on exhibits include microscopes to study the Lake Erie food chain and live fish tanks which bring the wonder of Lake Erie indoors. You can also grab yourself a fishing license and cast a line yourself!

The Lake Erie Island Nature & Wildlife Center – Observe a large variety of North American animals and water fowl, interact with live animals native to the island, and walk a nature filled trail filled with local plant life.

South Bass Island Lighthouse – Discover the fateful history of the 60 foot tall lighthouse opened in 1897. Instead of using the typical design of a large lighthouse with a small, detached keeper's quarter, they built a large two and a half story home with an attached tower crowned with a \$1,500 fourth-order Fresnel lens.
